

MEET THE REFINISHER

BOB REUTHER

Master Refinisher - Master Artisan

Meet the refinisher responsible for further highlighting the beauty of our newels and balusters through mediums of paint and stain. To view how August & Joseph's products may appear following refinishing, please visit AugustandJoseph.com.

For more information or questions regarding paint, stain or refinishing, please contact R.M. Reuther Furniture Refinishing and Restoration.

Raised by a furniture refinisher of 40 years, Bob has been surrounded by the refinishing trade his whole life. Long weekend hours spent whiling away at his dad's shop, Spot Master Furniture Refinishing, he learned to appreciate the delicate craft.

Bob observed his father work on everything from antiques to office furniture, wiping stain, smearing glaze and bringing out the hidden beauty of the wood, all the old-fashioned way: with plenty of patience and experience.

In 1986, R.M. Reuther Refinishing, located in Madeira, Ohio, was established. It was here that Bob continued to build his skills and

continued the practice of using tested and time-honored techniques to produce the best results.

In 2012, Bob was extremely humbled to discover that he was voted the best furniture repair shop in Cincinnati by Cincinnati Magazine, an honor that he was grateful to receive.

Despite the constant marching forward of time and the evolution of materials and tools, Bob has found that his old-school education has stayed timeless as he continues to work with professionals and individuals alike to turn forgotten furniture, and even new pieces, into cherished household items.

**R.M. Reuther Refinishing is an independent contractor.*
